

South African Research Association for Early Childhood Education

SARAECE is a research association that promotes research and research development in the field of ECE, including teacher education and development for early childhood education.

Aims of SARAECE:

- Provide an academic forum in South Africa for the development and dissemination of research in ECE.
- Facilitate cooperation and collaboration among ECE researchers in South Africa and beyond
- Promote links between research, practice and policy in ECE.
- Raise the visibility and status of research in ECE in South Africa and beyond.

Benefits of SARAECE membership:

- Two print issues of the South African Journal of Childhood Education annually
- Newsletters available on the website to keep you informed about SARAECE's activities
- Reduced registration fees for SARAECE's conferences
- Voting rights at the annual general meeting
- Networking with other national and international academics working in the area of ECE
- Full access to the SARAECE website: www.saraece.org.za
